Help From a Trusted Friend

Home Care is NOT Health Care. It's like asking a neighbor or friend for help with life's daily routines, from getting groceries, to help with bathing, dressing, errands, companionship, and more.

Customized Care
Regardless of whether you are receiving one hour of care or around the clock care, we develop an individualized care plan for each client. We want to learn about what matters most to you in your care so that we select a compatible caregiver.

Responsive & Reliable Care
We are known for our fast response times and are on call 24 hours a day to provide support and give you peace of mind.

Award-Winning Care
Four Seasons Home Care is a repeated recipient of the Best of Home Care Employer of Choice, Provider of Choice, and Leader in Experience Awards, accolades presented by Home Care Pulse, based on client and employee surveys. FSHC is also accredited by the Joint Commission.

Four Seasons Home Care serves Buncombe, Henderson, and Transylvania Counties.

OUR TRUSTED TEAM

Our administrative staff and caregivers understand the importance of allowing someone into your life and home. For that reason, we are committed to hiring caregivers with the highest level of integrity, while implementing standards that ensure your trust in our care.

• Our caregivers undergo background checks and are screened, bonded, insured, and drug tested.
• We conduct regular competency skills testing and trainings which are required to meet North Carolina state regulations and your expectations.
• Our experienced caregivers include In-Home Aides and Certified Nursing Assistants (CNAs).
• Our nurses make an initial assessment and create the plan of care, do quarterly assessments, communicate with family, refer to the community resources, and are on call 24/7.
• We provide our caregivers with all of the proper professional protective equipment to help keep everyone safe and protected.

OUR TRUSTED SERVICES

Personal Care
We provide assistance with mobility, transfers, bathing, dressing, incontinence, and more. We can also provide medication reminders.

Meals & Housekeeping
Our caregivers can help prepare a meal plan, create a shopping list, do or assist with grocery shopping, help with meal preparation, and do light housekeeping.

Companionship
Our personable caregivers provide socialization, helping connect with family and friends and engage in activities.

Transportation
Let us provide transportation to appointments, shopping or outings, and assistance with errands.

Wellness Checks
Our caregivers will create an individualized plan with weekly wellness calls and in-person wellness visits at a minimum of twice per month.

Respite for Family Caregivers
Need a break? We provide limited care to give family caregivers a much needed rest.

Dementia & Alzheimer’s Care
We assist with activities of daily living using targeted training, including training from Teepa Snow.

Recuperative Care
We provide time limited, in-home care until independence is achieved to support recuperation from surgery, after a fall, or hospitalization.

Medication Planner Management
Let our RNs provide periodic visits to fill medication planners according to current prescription or non-prescription needs.

Virtual Safety Monitoring
We offer state-of-the-art safety monitoring technology that tracks activity levels, eating habits, medication management, sleep patterns and medical emergencies. No wearables or cameras needed.
