Help From a Trusted Friend

Home Care is NOT Health Care. *It's like asking a neighbor or friend for help with life's daily routines, from getting groceries, to help with bathing, dressing, errands, companionship, and more.*

Customized Care

Regardless of whether you are receiving one hour of care or around the clock care, we develop an individualized care plan for each client. We want to learn about what matters most to you in your care so that we select a compatible caregiver.

Responsive & Reliable Care

We are known for our fast response times and are on call 24 hours a day to provide support and give you peace of mind.

Award-Winning Care

Four Seasons Home Care is a repeated recipient of the Best of Home Care Employer of Choice, Provider of Choice, and Leader in Experience Awards. In addition in 2026, we ranked 4th in the United States and were awarded the Top 100 in the US. These awards are presented by Activated Insights based on client and employee surveys.

Ranked 4th in the Entire Country!

Thank You

OUR TRUSTED SERVICES

Personal Care

We provide **assistance with mobility, transfers, bathing, dressing, incontinence, and more.** We can also provide **medication reminders.**

Meals & Housekeeping

Our caregivers can **help prepare a meal plan, create a shopping list, do or assist with grocery shopping, help with meal preparation**, and do **light housekeeping**.

Companionship

Our personable caregivers provide **socialization, helping connect with family and friends and engage in activities.**

Transportation

Let us provide **transportation to appointments, shopping or outings, and assistance with errands**.

Respite for Family Caregivers

Need a break? We provide **limited, non-hospice respite care to give family caregivers a much needed rest.**

Dementia & Alzheimer's Care

We assist with a**ctivities of daily living** using targeted training, including **training from Teepa Snow.**

Recuperative Care

We provide **time limited, in-home care until independence is achieved** to support recuperation from surgery, after a fall, or hospitalization.

Medication Planner Management

RNs may provide **periodic visits to fill medication planners** according to current prescription or non-prescription needs. This allows us to help the client understand the medications, coordinate with care providers, and organize the medication so that it is taken correctly.

Assistance with Daily Living During Life's Challenging Seasons

OUR TRUSTED TEAM

Our administrative staff and caregivers understand the importance of allowing someone into your life and home. For that reason, **we are committed to hiring caregivers with the highest level of integrity,** while implementing standards that ensure your trust in our care.

- Our caregivers undergo **background checks and are screened, bonded, insured, and drug tested.**
- We conduct regular **competency skills testing and trainings** which are required to meet North Carolina state regulations and your expectations.
- Our experienced caregivers include **In-Home Aides and Certified Nursing Assistants (CNAs).**
- Our **nurses make an initial assessment and create the plan of care,** do quarterly assessments, communicate with family, refer to the community resources, and are on call 24/7.
- We provide our caregivers with all of the **proper professional protective equipment to help keep everyone safe and protected.**
